The Honorable Susan Collins
Ranking Member
Subcommittee on Transportation
Housing, and Urban Development
Senate Committee on Appropriations
Washington, D.C. 20510

Dear Chair Schatz and Ranking Member Collins,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2023 Transportation and HUD Appropriations legislation, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Angus S. King, Jr.
United States Senator

**King, Angus(I-ME) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
SeniorPlus	To help build a new facility for SeniorPlus. Most of the facility will house the SeniorPlus "Meal on Wheels" kitchen serving three counties. The remainder of the facility will house a larger Education Center offering support groups, evidenced based classes that support healthy aging, and other topical areas of interest for older adults.	Androscoggin ME	\$1,500
City of Lewiston	The purpose of this project is to build a new Lisbon Street fire sub-station that will provide the department and the community with a modern, state-of-the-art facility including increased garage space to better house fire apparatus, provide separation between living quarters and fire apparatus, and a designated gear and equipment decontamination and cleaning areas to ensure the health and safety of the firefighters. The existing fire substation has been identified for replacement due to being functionally obsolete and experiencing structural deficiencies.	Androscoggin County ME	\$1,000
Trinity Jubilee Center	The Trinity Jubilee Center is seeking funds for a renovation project that will increase the Center's space, allow programs to function more efficiently, and help people to get back on their feet more quickly. Work will include adding a public bathroom, a shower and laundry for the homeless, a walk-in refrigerator and freezer, a meeting room for mental health case management, and an indoor food distribution area. The medical clinic will have a new, updated space, and food will be moved out of the shelter and into a new, dedicated food storage space. The building will have ventilation and be accessible.	Androscoggin County ME	\$500
Museum L-A	This project will rehabilitate the Camden Yarns Mill on the Lewiston-Auburn riverfront to become the new permanent home for Museum L-A. The new facility will enable the Museum to continue preserving and sharing the industry and culture of the working people of Maine, to create an inclusive place of community convening for Androscoggin County, and to establish an iconic tourism destination that helps drive economic development for the region.	Androscoggin County ME	\$2,000
Town of Poland	To improve the capability and capacity, safety, and environmental protection at the Poland Transfer Station by expanding recycling and municipal solid waste handling capability, improving safety through pavement repair and replacement, protecting the environment by creating a non porous laydown area for construction, wood debris and roll off containers, improving drainage, and enhancing office space to handle increased customer demand.	Androscoggin County ME	\$599
Franco-American Heritage Center at St Mary's	The Franco Center seeks funds to support repair work at its home in the former St. Mary's Church.	Androscoggin County ME	\$3,740
Town of Poland	The Poland Library Expansion project will create a dedicated children's area, increase efficiency, and modernize the remainder of the facility. The project would improve ADA access with the addition of a modern elevator and restroom facilities in the Community Room.	Androscoggin County ME	\$500
LA Community Little Theatre	The proposed project includes four components - the renovation of the exterior of the building, a new HVAC system for the building, interior renovation of the top floor classrooms, offices, and related restrooms, front and rear stairwells from the ground level to the top floor and basement renovations.	Androscoggin County ME	\$1,658
University of Maine System	Using CDS funds, the University of Southern Maine would partner to create a second site for University of Maine at Farmington's nationally accredited early childhood education center at USM's Lewiston-Auburn College (LAC), where the University of Maine at Augusta is also co-located. The new center would provide high-quality critically needed childcare for families in the community including adult learners attending LAC, while developing the future early childhood educator workforce.	Androscoggin County ME	\$3,220

Town of Frenchville	To help construct and childcare facility in the Town of Frenchville. The Town was approached by the owners of a local nursing home care facility about constructing and operating a licensed childcare facility adjacent to its existing facility. The primary focus is to provide reliable childcare for their employees which correspond to their employees' work schedule.	Aroostook County ME	\$450
Aroostook County Action Program Inc.	Aroostook's Childcare Expansion Workforce Initiative is a critical component of the overarching work to grow Aroostook's workforce and economy. Specifically, the effort will increase the number of available childcare slots, provided by ACAP County-wide, by 30 percent, allowing more parents with young children to enter the workforce. Funds would be dedicated to facility upgrades, classroom equipment purchase, childcare professional workforce training, and supports to families enrolling children in the program – including expansion of our successful Whole Family/Two-Generation approach.	Aroostook County ME	\$1,100
Town of Weston	The Town of Weston is seeking \$53,470 in Congressional Directed Spending to create a waterfront park along the shores of East Grand Lake.	Aroostook County ME	\$53
Town of Houlton	To support Phase II of the Walkable Houlton project, which include repairs to sidewalks around the town.	Aroostook County ME	\$888
Maine Department of Transportation	To reconstruct Route 1A to Route 161 in Fort Fairfield, ME.	Aroostook County ME	\$3,250
Maine Department of Transportation	This project will rehabilitate Route 11 from Ashland to Eagle Lake. Current roadway conditions are rated poor to very poor by MaineDOT and FHWA metrics this project will restore this section of Route 11 to a state of good repair.	Aroostook County ME	\$14,400
Maine Department of Transportation	This project will upgrade and modernize 43 of the bridges on the Eastern Maine Railway (EMR) to the 286,000lbs North American Railroad standard at FRA Class 3 track speeds.	Aroostook County ME	\$17,650
Maine Department of Transportation	This project will reconstruct 4.7 miles of US Route 1 in Van Buren. This segment of roadway does not currently meet modern standards.	Aroostook County ME	\$10,400
Ignite Presque Isle	To help Ignite PI fund a co-workspace in Presque Isle at the Northeastland Hotel. The co-workspace, named "The Innovation Center", is a shared space where people can collaborate, network, and help each other.	Aroostook County ME	\$1,538
Quality Housing Coalition	The Growing Project HOME project we are requesting funding for will be specifically focused on recruiting more landlords to partner with Project HOME through the guarantor fund and the flexible funding for tenants.	Cumberland County ME	\$314
Portland Parks Conservancy	The project will transform a six-acre City-owned parking lot located on the harbor into waterfront open space reserved for use by the public. It will also set the stage for a second phase--the redevelopment of 11 acres of Portland's Eastern Waterfront to public open space.	Cumberland County ME	\$2,145
Preble Street	Preble Street is requesting funds for operational expenses in the first transitional year of the Food Security Hub in South Portland – the first food hub in the state dedicated to food security – to house Food Programs operations, increase production and efficiency, and transform the way we approach ending hunger in this community and across the state.	Cumberland County ME	\$1,000
City of Portland	The project is a fully permitted comprehensive maintenance dredge of public and private berthing and vessel support resources within the cities of Portland and South Portland, Maine. The Project will secure the Port of Portland as a center for marine commerce by: expanding and improving vessel berthing at 47 individually designed dredge locations at 32 public and private piers and waterfront properties.	Cumberland County ME	\$17,943
Family Focus	To help Family Focus renovate a building received as conveyance from the Navy into a childcare facility.	Cumberland County ME	\$992

ProsperityME: The Center for Financial Education	ProsperityME is seeking Congressionally Directed Spending to renew our IDA Program to empower Maine's immigrant community. Funds will leverage individual savings by lower income immigrants by matching their savings to purchase a productive asset. CDS funding will support direct program expenses and matched savings dollars. Private and public foundation money will support salaries and overhead for the IDA program.	Cumberland County ME	\$250
Tedford Housing	Tedford Housing is requesting a Congressionally Directed Spending allocation for construction of a new Emergency Housing Building for individuals and families experiencing homelessness in Southern Midcoast Maine.	Cumberland County ME	\$1,500
City of Portland	The Congress Square Redesign is a large-scale renovation that will transform an inaccessible area into an inclusive public space in the most densely populated and diverse neighborhood in Portland.	Cumberland County ME	\$1,400
Casco Bay Trail Alliance	This project provides bicycle-pedestrian safety measures through the construction of an off-road multi-use path parallel to U.S. Route 1.	Cumberland County ME	\$1,250
Mechanics' Hall	The purpose of this project is the urgent repair and restoration of the "Clerestory Monitor" roof of Mechanics' Hall in Portland, Maine, Phase One of a master plan for the complete restoration of Mechanics' Hall.	Cumberland County ME	\$1,500
Harpswell Neck Fire and Rescue	The purpose of this project is to renovate the Harpswell Neck Fire Station to accommodate the Town's daytime firefighters, bring the station up to code, expand the volunteer fire fighters' gear locker area, upgrade hazmat decontamination facilities, relocate chiefs' offices, modernizing our communications from the current analog system to a digital system, and upgrade training facilities for our volunteer fire fighters, EMT's, and Rescue Drivers.	Cumberland County ME	\$548
Maine Irish Heritage Center	Funding would go towards a project to fully restore the building envelope to prevent further deterioration of the exterior structure, seal and weatherize the building, and prevent further interior damage.	Cumberland County ME	\$3,323
Town of Brunswick	This project comprises a redevelopment of the approximately 10-acre parcel adjacent to the Brunswick Recreation Center at Brunswick Landing as a municipal complex that will offer a wide range of athletic and recreation uses and accommodates persons of all ages, abilities and socio-economic status. The state-of-the-art regional hub will support health and wellness, sports, and play at Brunswick Landing, the Town of Brunswick, and in the Midcoast Region.	Cumberland County ME	\$3,000
Sea Meadow Marine Foundation	The Sea Meadow Marine Foundation requests funding support to rebuild a boyard in support of Maine's working waterfront and regenerative aquaculture.	Cumberland County ME	\$4,000
Maine Department of Transportation	The purpose of this project is to improve Brighton Avenue between Dartmouth Street and Rowe Avenue. Improvements will include; state of good repair, signal and mobility improvements, accessibility, safety, pedestrian, and bicycle facilities and improvements to transit.	Cumberland County ME	\$9,600
Maine Department of Transportation	Greater Portland METRO to conduct the necessary planning and architectural-engineering work necessary to develop a final set of construction plans in order to reconstruct the agency's existing 50 bus operations-maintenance facility located at 114 Valley Street in Portland.	Cumberland County ME	\$1,920
Midcoast Regional Redevelopment Authority	To permit and construct an ecologically, environmentally, and sustainable User Fee Customs and Border Protection Facility enabling current and future commercial and private aircraft operators to land at Brunswick Executive Airport, clear customs and to continue on to their destination.	Cumberland County ME	\$2,100
Town of Falmouth	This project includes major road improvements for 1.3 mile section of U.S. Route 1 (from Turnpike Spur to Cumberland Town Line) and on Johnson Road (from Route 1 to Middle Road)	Cumberland County ME	\$1,000
Town of Gorham	The Town of Gorham seeks federal funds to complete construction and paving of the Cross Town Trail, a bicycle and pedestrian pathway utilizing the former Boston & Maine Railroad line. The two-mile trail corridor will provide a continuous connection between Gorham Village Square and the Gorham Industrial Park, enabling access by adjacent residential neighborhoods and connectivity to the City of Westbrook.	Cumberland County ME	\$1,220

Maine Department of Transportation	This project would provide needed additional funding for an under-funded project aimed at making accessibility improvements to approximately 100-125 bus stop across the service area.	Cumberland County ME	\$2,000
Town of Falmouth	The project involves vehicular and pedestrian safety improvements to, and addresses operational and safety concerns at, the Middle, Bucknam and Falmouth Roads Intersection.	Cumberland County ME	\$1,000
Town of Gorham	The Town of Gorham seeks funds to expand public sewerage and water distribution to the South Gorham district, connecting an existing sewer network to the expected terminus location of Maine Turnpike Authority's (MTA) proposed Gorham Spur toll road; in addition, a portion of the funds will support a feasibility study of connecting public sewer and water to an adjacent commercial zone, which extends into two neighboring municipalities (Scarborough & Westbrook).	Cumberland County ME	\$11,896
Town of Gorham	The Town of Gorham seeks funds for a feasibility study to connect the Route 22 commercial corridor with sewerage and water distribution services. The commercial corridor spans approximately two miles through the Towns of Gorham and Scarborough, and the City of Westbrook, and is located along the proposed Gorham Spur Connector route.	Cumberland County ME	\$240
High Peaks Alliance	This project would fund the construction of a multiple-use bridge over the Sandy River from downtown Farmington connecting to the regional Whistle-Stop Trail.	Frankling County ME	\$2,941
Isle au Haut Boat Services, Inc.	Isle au Haut Boat Services operates the Isle au Haut Mailboat, serving the island Town of Isle au Haut, from a mainland facility consisting of a wharf and building in Stonington, ME. The main working area of the wharf is nearly 9,000 square feet. This structure is essential for landing our boats, boarding passengers, handling freight, and parking. The service cannot operate without a safe and stable working area like this. Serious wharf maintenance has been deferred for at least 30 years and it now requires rebuilding of the main working part, as well as repairs to other parts.	Hancock County ME	\$1,292
Mount Desert Island YMCA	The original YMCA on Mount Desert Island was founded and built in 1900. In March of 1994, the building was destroyed during a snow storm, and the today Y was completed and built with money raised from the Y leadership and donations from Island residents. Today, after 28 years, much of the building needs modernizing and replacement including upgrading HVAC/ventilation systems throughout, modernized changing rooms including lockers, showers and toilets, including gender-neutral design to enhance diversity and inclusion.	Hancock County ME	\$500
Jesup Memorial Library	The Jesup Memorial Library has remained unchanged since its construction in 1911. The current building is unable to accommodate any of these new community needs and, without an elevator, is also not accessible to many in our community. In response to these challenges, we have designed an expansion that will double the footprint of the library (12,000sf to 24,000sf) to improve accessibility, create purpose-designed spaces, enhance mechanical systems, and better serve all in our community.	Hancock County ME	\$1,500
Town of Aurora	The Fiscal Year 2023 paving project will provide for safe travel for the residents of the towns of Aurora and Great Pond	Hancock County ME	\$1,008
Town of Dedham	he Dedham/Lucerne Fire Department is seeking to raise needed funds for an expansion of the Dedham Fire Station and add "live-in" quarters for Fire Science Students from Eastern Maine Community College, as well as our full-time staff.	Hancock County ME	\$437
Jackson Laboratory	A relocated and newly constructed parking lot driveway and separate pedestrian crossing for Jackson Laboratory will combine traffic enhancements and visibility countermeasures designed to indicate the optimal location and timing for road crossing and to reinforce driver requirements to yield the right-of-way to pedestrians at the designated crossing location. The multi-use path will also enhance the character, context and utility of this heavily traveled state highway corridor connecting the village of Bar Harbor to Acadia National Park and intersecting with The Jackson Laboratory's main campus.	Hancock County ME	\$1,500
Town of Surry	The Town of Surry project is for paving along one of our most busy and important town roads.	Hancock County ME	\$300

Down East Family YMCA	There is a tremendous opportunity for growth with the revitalization of our Camp Discovery property as well as constructing a new "trade" building that would focus on carpentry and other skills that campers would be able to utilize moving forward and potentially opening successful career paths for them.	Hancock County ME	\$300
Alfond Youth & Community Center	This funding investment will build a new youth center in Augusta, Maine to help expand our programming to increase our capacity to serve children and families encouraging them to enroll and use free academic, health and wellness and educational community programming. This request will serve approximately 500 additional individuals.	Kennebec County ME	\$1,200
Kennebec Valley YMCA	The Kennebec Valley YMCA requests funds to expand the Y's childcare program capacity. The Y will build a 2,000-square-foot addition to the existing facility at 31 Union Street in Augusta. The expansion will allow the program to add 35 new childcare slots to its Learning Center program for young children ages six weeks to five years--a 47 percent increase in capacity (the current capacity is 66). The new addition will be single-story construction with three classrooms equipped with bathrooms and storage closets. The Y is also requesting support to purchase the materials and supplies needed to outfit the new classrooms to make them fully operational within a one-year timeframe.	Kennebec County ME	\$646
Mid-Maine Homeless Shelter & Services	Mid-Maine Homeless Shelter & Services (MMHSS) intends to develop between 5-6 units of family shelter and 19-26 units of permanent supportive housing for seniors in Waterville, Maine.	Kennebec County ME	\$250
Children's Center Early Intervention and Family Su	The Children's Center is seeking to expand and renovate their primary location in Augusta, Maine. The expansion will address persistent wait lists for specialized early intervention services for children with special needs and accommodate future community demand based on greater Kennebec Valley population projections. The project includes a 14,000 square foot addition, parking lot expansion and 5,000 square foot renovation to existing space. It will add ten specialized classrooms; an outpatient therapy suite; center-based treatment spaces; gross motor space; a stimulation-sensitive lobby; a highly specialized treatment room for children with autism and other sensory processing disorders; observation windows throughout the facility for clinical assessments and treatment planning; an improved HVAC system to ensure air quality and efficient climate control; and administrative space and additional parking to accommodate this growth.	Kennebec County ME	\$200
City of Gardiner	The Cobbossee Corridor Trail is a valuable public transportation infrastructure investment that will improve the inter-connectedness of all Gardiner's neighborhoods and its natural and cultural assets.	Kennebec County ME	\$600
Friends of Starling Hall	This project seeks CDS funding to renovate Starling Hall, the oldest building in Maine known to be constructed for the sole use as a 'Grange Hall'.	Kennebec County ME	\$1,325
Snow Pond Center for the Arts	Snow Pond seeks funding to support the third and final phase of the renovations to our historic Bowl in the Pines amphitheater.	Kennebec County ME	\$640
Maine Department of Transportation	This project will rehabilitate Route 27 from Augusta to New Sharon. Current roadway conditions are rated poor to very poor by MaineDOT and FHWA metrics this project will restore this section of Route 27 to a state of good repair.	Kennebec County ME	\$14,400
Maine Department of Transportation	This project is a safety project that will address a high crash location at the intersection of Route 17, Route 32, and North Hunts Meadow Road. Intersection improvements include turning lanes, channelization, sight distance improvements and access control measures.	Kennebec County ME	\$2,000
Town of Wayne	The Town of Wayne is seeking to construct fiber to the home network to provide affordable, reliable high-speed Internet access available to all parts of our town at a reasonable cost to taxpayers and Internet users.	Kennebec County ME	\$250
Town of North Haven	To fund a new Public Safety Building in the town of North Haven.	Knox County ME	\$2,500

Watts Hall Community Players	Watts Hall Community Players (WHCP) is requesting support to install a new HVAC system that includes air purification technology to address COVID-19 safety needs of Watts Block.	Knox County ME	\$299
City of Rockland	Rockland's Downtown Waterfront Revitalization Streetscape Project will connect the multi-use piers and parks on Rockland's Downtown Waterfront, through a priority area for economic development, to Rockland's historic Main Street. The project is part of a larger economic & community development effort to redevelop City infrastructure on the downtown waterfront both because of its importance to the existing economy, and as a way to help activate this area and stimulate private investment and growth.	Knox County ME	\$1,039
William A. Farnsworth Library & Art Museum, Inc.	The purpose of this project is to address costly renovations, repairs, and upgrades to the Farnsworth Art Museum's facilities and infrastructure, ensuring the safety, security, and public accessibility of its priceless collection now and into the future.	Knox County ME	\$2,824
Bay Chamber Concerts, Inc.	With the recent purchase of a historic building in Camden (formerly High Mountain Hall), Bay Chamber seeks funds to renovate and rehabilitate the space to house our music education and live concert programs.	Knox County ME	\$750
Central Lincoln County YMCA	To increase the main YMCA facility with additional classrooms to expand enrollment and staffing for early child care education.	Lincoln County ME	\$1,500
Boothbay Region YMCA	To expand the Boothbay Region YMCA Child Enrichment Center and McEvoy Lodge to be able to serve more working families in the region. The Child Enrichment Center serves infants through preschool age and follows a Montessori philosophy. The McEvoy Lodge is the site for school age (grades K-6) programming during after school hours and school vacation days as well as summer programming during the ten weeks of camp and additional weeks of school age childcare that bridge the end and beginning of each school year when camp is not in session.	Lincoln County ME	\$1,700
Town of Wiscasset	To improve infrastructure around and ensure safe access to a critical transportation steam crossing that is the only access to Maine Yankee Independent Spent Fuel Storage Installation, manufacturing businesses and a town landing used by marine businesses and harvesters.	Lincoln County ME	\$2,000
Frances Perkins Center	To build a new education center adjacent to the historic Frances Perkins Homestead National Historic Landmark's Brick House. This 3,500 sq ft structure will include a welcome center for site users, restrooms, exhibition space, staff workspace, and a large meeting room for community use.	Lincoln County ME	\$2,800
Town of Damariscotta	The CDS funds will be used to make both Damariscotta and Newcastle fully connected to fiber internet.	Lincoln County ME	\$168
Town of Somerville	To rebuild the base of gravel road segments which are prone to deep mud on the 9.6 miles of town maintained gravel roads to mitigate the impact of climate change on the seasonal gravel road condition known as "mud season".	Lincoln County ME	\$1,300
Boothbay Harbor Memorial Library	This request is for support of a major renovation and expansion of the Boothbay Harbor Memorial Library (BHML), a 501©(3) nonprofit that operates the region's free public library.	Lincoln County ME	\$2,000
Regional School Unit 10	To build a new wellness and fitness center as part of the new community school to support mental health and other wellness activities for the seven town school district.	Oxford County ME	\$1,168
Norway Maine Opera House	To renovate and repair the Norway Maine Opera House facade and second and third floors and to bring the building back to a fully functioning opera house.	Oxford County ME	\$1,115
Western Foothills Land Trust	The proposed center will expand the Western Foothills Land Trust's capacity for year-round recreational opportunities providing spaces for yoga, exercise classes, healthy cooking, while accommodating educational programs, workshops, and conferences.	Oxford County ME	\$2,500

Maine Mineral and Gem Museum	To support the upgrade of research instrumentation in the museum's lab and investment in the formal expansion of research capabilities and development of educational programs.	Oxford County ME	\$750
Town of Norway	To renovate the Norway Town Hall building to better equip police, public safety, and provide enhanced community space.	Oxford County ME	\$850
Maine Multicultural Center	The Maine MultiCultural Center (MMCC) proposes to collaborate with the Eastern Maine Development Corporation (EMDC) and other community partners to purchase multi-unit structures to serve as transitional housing, combined with building a fund that will assist in meeting down payments for rental agreements and provide assurance of payment in the absence of credit and rental history would help to overcome the housing barriers faced by refugees and asylum seekers trying to relocate to our community.	Penobscot County ME	\$1,221
Penquis C.A.P., Inc.	Penquis, along with its partners MaineHousing and the UMaine Advanced Structures and Composites Center, will build the first truly 3D-printed home in the US. This pilot program, using novel technologies developed by UMaine, will prove this building technique, all while producing nine single-family homes that will become permanent housing for the City of Bangor's homeless population.	Penobscot County ME	\$3,000
Our Katahdin	Our Katahdin, in partnership Katahdin Higher Education Center, Four Directions Development Corporation, Maine Center for Entrepreneurs, the Town of Millinocket and the Katahdin Chamber of Commerce, is seeking CDS funds to provide workforce and entrepreneur incubation services to native and non-native populations upon completion of the renovation of 230 Penobscot Avenue to create the Katahdin Innovation Center.	Penobscot County ME	\$1,000
Pir2Peer Recovery Community Center	This CDS request would provide funding for Pir2Peer Recovery Center to buy their building.	Penobscot County ME	\$529
Town of East Millinocket	This request will fund the renovation of the finishing room buildings, administration building, and machine shop building at the former GNP paper mill industrial site.	Penobscot County ME	\$5,467
Bangor Region YMCA	The specific purpose of this request is to support the construction of a \$16.57 million Infant, Youth and Teen Education & Engagement Center as part of the overall YMCA project.	Penobscot County ME	\$6,000
Bangor Fire Department	The Bangor Fire Department is requesting funding to build a new live fire training tower and a new building that would have a larger classroom and storage that includes a large space indoors to train during inclement weather.	Penobscot County ME	\$1,555
Town of Lincoln	To fund the securing of the perimeter of the former mill site to support the redevelopment of the former LP&T mill in Lincoln.	Penobscot County ME	\$1,000
Town of Millinocket	The Town of Millinocket seeks funding for the construction of a new Airport Terminal and business office at the Millinocket Regional Airport.	Penobscot County ME	\$4,360
City of Bangor	This is a request for funding for renovation and improvements to the Bangor Innovation Center. The project will include exterior insulation and finishes; mechanical / electrical / plumbing improvements; a new LED lighting system; and interior floor, ceiling and wall finishes.	Penobscot County ME	\$1,250
University of Maine System	The University of Maine proposes to create a sawmill operations training facility to be located at the Dwight B. Demeritt Forest, north of the Orono campus. This 2,600 sq ft facility is modeled on a similar facility at the University of New Hampshire's Thompson School of Applied Science built in 2008, and would provide year-round hybrid experiential and instructed training opportunities for students across UMS, Maine Community College System, CTEs and trade programs on the fundamentals of sawyer operations, including selecting log breakdown techniques based on log quality and targeted applications to increase sawlog value, improve lumber grade, and improve processing efficiency.	Penobscot County ME	\$950

City of Old Town	This project will fund the development of a 160-acre industrial park located in Old Town, adjacent to the University of Maine, 5.5 miles from I-95, 15 miles from the Bangor International Airport, 150 miles from the Portland Jetport, and access to rail. The funding requested will be used to design, build, permit, and construct up-to 31 lots to attract businesses to the area.	Penobscot County ME	\$7,922
Maine Discovery Museum	Maine needs a dedicated, purpose-built science park, creating a science ecosystem that encompasses a science center; a location for startups, established organizations and businesses to collaborate; a place where science in Maine is the foundation of all that happens on that campus.	Penobscot County ME	\$1,430
Town of Millinocket	This project will improve downtown infrastructure and support business development and expansions along with new community activities in the business district. The improvements planned include replacement of 2,700 feet of downtown sidewalks and curbs and will install 22 new streetlights on Penobscot Avenue. This supports Millinocket's Downtown Action Plan-January 2020. Improved ADA-compliant sidewalks will make downtown safer, more walkable and support AARP affiliated local aging-in-place efforts.	Penobscot County ME	\$1,511
University of Maine System	To establish and expanded integrated child care/elder care center for the greater Orono region on the University of Maine campus more than doubling availability of needed childcare for campus and broader community; serving as an education and workforce development for students in education; nursing and other allied health professions; and piloting Elder Care programming with UMAINE's Center on Aging.	Penobscot County ME	\$4,000
City of Bangor	This is a request for funding for phase 2 of the installation of a shared commercial kitchen and business incubator in Bangor, a "Central Kitchen". This project will benefit small local agriculture, aquaculture, and other food producers and processors in Maine, as a strategy for business development and job creation in the northern 2/3 of Maine.	Penobscot County ME	\$1,250
City of Old Town	This project will make upgrades to the Riverfront park, extend the trail and sidewalk to connect to the 4th Street boat launch, raze two dangerous and blighted buildings, improve the trail from the boat launch to the Old Town Airport and create better signage to connect Old Town's trails to those maintained by the University of Maine.	Penobscot County ME	\$539
Maine Department of Transportation	The Orono, Main Street Pedestrian Improvement project will upgrade pedestrian facilities along US Route 2 to enhance the safety for vulnerable users of the highway system. Improvements include enhanced crossings, activated signals and warnings, bicycle delineation, and enhanced accessibility.	Penobscot County ME	\$2,400
City of Bangor	This is a request for funding for redevelopment of the southern end of the City of Bangor's waterfront. By acquiring a key parcel and redeveloping it, the City can create a continuous City owned parcel along the Penobscot River and make a more accessible, age-friendly trail system for use by residents and visitors alike.	Penobscot County ME	\$800
University of Maine System	Improve and enhance the University of Maine recreational trail system located in the University Forest with a 2K trail loop that would be lighted for late afternoon and night use for xc-skiing in the winter and walking/running fall/summer, by the university and surrounding communities. The proposed improvements include the following: solar lights/poles/installation; new snowmobile for grooming, including a roller that would be pulled behind the snowmobile; upgraded signage, and trail work (ex. address drainage/culverts and similar issues). Current Status: The project has received preliminary approval from UMaine and will be taken to the UMS Board of Trustees over the summer. No separate phases.	Penobscot County ME	\$194
Greenville Public School	The Greenville Consolidated School Pritham Gymnasium was erected in 1963 and has exceeded its expected lifespan. Now, at 59 years old the building is in significant need of renovation for several reasons.	Piscataquis County ME	\$5,024

Moosehead Caring for Kids Foundation	Moosehead Caring for Kids Foundation is partnering with the Town of Greenville and Greenville Consolidated School to build a new facility to house a childcare center, pre-K classrooms, and a community recreation center. This new facility will be located on the school grounds on the site of the former elementary school, reusing the existing building foundation pad and utility connections. This new site includes access to the public water supply and sewer which is needed to expand early childcare services and after-school childcare services.	Piscataquis County ME	\$1,560
Maine Department of Transportation	To address the deteriorated condition of four bridge spans that carry Route 6 and 16 over the Sebec River.	Piscataquis County ME	\$9,600
Town of Dover Foxcroft	To extend 34 miles of municipally owned fiber backbone over unserved areas representing over 90% of the area being upgraded from DSL to fiber.	Piscataquis County ME	\$1,259
Maine Department of Transportation	To rehabilitate Route 15 from Abbot to Greenville. Current roadway conditions are rated poor to very poor by MEDOT and FHWA metrics; this project will restore this section of Route 15 to a state of good repair.	Piscataquis County ME	\$16,000
Midcoast Maine Community Action	To rehabilitate their facility that provides the space for our programs that serve very low to moderately low income persons in our community. Project includes upgrading key infrastructure in the building, including installing a more modern HVAC system, that will improve their carbon footprint and impact on the environment.	Sagadahoc County ME	\$1,000
Bath Area YMCA	To construct a 12,000-square-foot early learning center adjoining its existing facility to serve children from infants through preschool. The purposes of the project are to increase access to affordable, quality childcare; help caregivers return to work by addressing a critical shortage in childcare slots; and add at least 14 new early childhood education jobs to the workforce.	Sagadahoc County ME	\$2,100
City of Bath	To construct a new fire station combining fire and EMS stations. The facility will be centrally located to ensure the department continues to have one of the quickest response times in the state.	Sagadahoc County ME	\$5,000
Town of Georgetown	To renovate and remodel the 1829 First Baptist Church building into an accessible and technologically equipped municipal meeting and community space.	Sagadahoc County ME	\$100
Center for the Arts at Chocolate Church	To support the reconstruction of the Chocolate Church Arts Center building so that the organization may continue to present music, theater, dance, and visual arts from a unique and historically significant venue.	Sagadahoc County ME	\$3,000
Town of Jackman	To support construction of a three-bay garage and provide funding for the Interlocal Paramedicine Program that will enhance the medical services needs of the communities of Jackman, Moose River, and surrounding communities.	Somerset County ME	\$1,025
Maine Appalachian Trail Club	To support the building construction of the Maine Trail Center to provide a permanent and enduring home-base for the organization's public land stewardship work to dispatch crews and attract and retain more volunteers and seasonal staff from a diversity of communities.	Somerset County ME	\$358
Kennebec Valley Community College	To stabilize and repair two building roofs on the Kennebec Valley Community College Harold Alfond Campus (on the National Register of Historic Places as a Historic District). The roofing system on the original portion of the Averill Building on the Kennebec Valley Community College Harold Alfond Campus is over 90 years old and of serious structural concern that has become a health and safety issue and requires replacement.	Somerset County ME	\$811
Town of Anson	To replace a failing 70 year old fire station located in the center of North Anson	Somerset County ME	\$2,000
Town of Anson	To upgrade roads, sewer and bridges infrastructure in the town.	Somerset County ME	\$1,271

Town of Stockton Springs	To fund the Stockton Springs Pier and Docks Preservation, which includes constructing a pier to protect dock infrastructure and build one new set of docks necessary for the purpose of continuing to provide: 1) fishermen the ability to work, 2) economic opportunities for the town and surrounding areas, and 3) a safe, working waterfront.	Waldo County ME	\$1,300
Town of Northport	To connect a new Town Office building to the existing Fire Station, upgrading facilities at the Fire Station, and creating an ADA-compliant, energy-efficient Town Office with new community meeting space to foster greater community participation and provide excellent and equitable service to the Town's residents for years to come.	Waldo County ME	\$1,432
Town of Freedom	To rebuild Bridge #5148, Hustus Brook, Mitchell Road to improve transportation access in the town for residences and businesses.	Waldo County ME	\$220
Penobscot Community Health Center	PCHC plans to create approximately 50 much-needed, brand-new affordable senior housing units in Belfast, Maine. The units will be physically attached to Seaport Community Health Center, which is one of 12 primary care clinics owned and operated by Penobscot Community Health Care (PCHC), the largest federally qualified health center in Maine.	Waldo County ME	\$2,000
Palermo Volunteer Fire Department	To support the construction of a new fire station in the town to facilitate the provision of emergency fire and rescue services to the local area. The department seeks to build a single story, five bay fire station that is approximately 68' x 70' to house their three existing emergency response vehicles, as well as afford space and equipment (and plumbing!) to follow post-fire and medical emergency safety protocols for the volunteers, facilitate equipment maintenance, training, and emergency response coordination.	Waldo County ME	\$591
City of Belfast	To make improvements to sections of two intersecting streets in Belfast: Congress Street (the section of this street proposed to be improved measuring approximately 2,500 lineal feet); and Salmond Street (the section of this street proposed to be improved measuring approximately 1,500 lineal feet).	Waldo County ME	\$2,418
Maine Department of Transportation	To manage for 1.5' of relative sea-level rise by 2050, relative to 2000, and 3.9' of sea-level rise by 2100 (Maine Climate Council Recommendation) to maintain safe passage for the traveling public and the transport of goods and services.	Waldo County ME	\$7,200
City of Belfast	To extend a sidewalk from the East Belfast Elementary School located on Swan Lake Avenue in Belfast to the intersection of Swan Lake Avenue and Alberta Way in Belfast, where a 24-unit affordable senior and disabled rental housing facility (Goose River Apartments) is located.	Waldo County ME	\$768
Clare Hannan	To expand Maine Public's broadcast signals to some of Maine's most rural, smaller communities, including service to Northern Maine, and to add Maine Public Radio service to underserved parts of the state.	Washington County ME	\$2,531
Town of Jonesport	To widen, elevate, and improve the public road from Kelley Point to the commercial waterfront access point to mitigate impacts of climate change on recreational and working waterfront activities.	Washington County ME	\$1,500
Sunrise County Economic Council	To build economic resiliency and improve quality of life through coordinated, pro-active expansion of outdoor recreation infrastructure in the Grand Lakes region of Downeast Maine (generally the area between Princeton and Grand Lake Stream to Danforth, and westward). The proposal is to coordinate and to implement a region-wide comprehensive outdoor recreation plan to achieve purposeful, collaborative development of a broad interconnected system of recreation areas that connect resources and create new economic opportunities.	Washington County ME	\$300
Town of Machias	To replace the Town of Machias' primary response tanker/pumper fire truck to improve public safety and emergency response services.	Washington County ME	\$437

Maine Preservation	To provide catalytic investment in two buildings listed on Maine Preservation's annual Most Endangered Historic Places list - Wayne Masonic Hall in Wayne and First Congressional Church of East Machias. These critically imperiled structures, when stabilized and rehabilitated, are slated to become economic and cultural stimulators in their rural communities.	Washington County ME	\$3,032
Nina Fisher	This project will reconstruct 4.8 miles of US Route 1 from Milbridge to Cherryfield. This segment of roadway does not currently meet modern standards.	Washington County ME	\$12,000
Maine Department of Transportation	This project will reconstruct 3.6 miles of US Route 1A from Milbridge to Harrington. This segment of roadway does not currently meet modern standards.	Washington County ME	\$12,800
Sanford Library Association	To renovate and expand the Louis B. Goodall Memorial Library in Sanford, ME. The project will add a community room, study room, and office for the Literacy Volunteers of Greater Sanford. Project will also include technology upgrades.	York County ME	\$2,900
Fair Tide	To create a one-stop Resource Hub of Social Services and Affordable Housing units located at 22 Shapleigh Road Kittery, Maine, bringing together several agencies and service providers under one roof to support individuals and families with all-encompassing services, empowering them towards independence.	York County ME	\$1,000
Apex Youth Connection	To support phase one of the Apex Future Focus Job Readiness Center project to purchase a building in downtown Biddeford to support the most at-risk youth and young people to break the cycle of poverty by providing job readiness and life skills, workplace skills, and developing confidence and aspiration in students. This project will converge and meet two community needs: the need for more workers, and the need to bring Opportunity, system-involved, and other at-risk youth out of the shadows and into the workforce.	York County ME	\$912
Eastern Trail Management District	To fund trail improvements for the Over the River project that will create a stretch of off-road trail extending the active transportation corridor and recreational trail open to include the communities of Biddeford and Saco. The project will improve recreational and transportation access in the region, providing social, economic, and environmental benefits to residents and the entire southern Maine region.	York County ME	\$3,500
Town of Limerick Fire Department	To build a new fire station in Limerick.	York County ME	\$1,800
My Place Teen Center	To expand My Place Teen Center into York County by renovating a building at 75 Bacon Street in Biddeford, ME and to support the purchasing of furniture, equipment and fixtures. My Place Teen Center will provide a free and year-round oasis for youth who are low to moderate-income. The Center will provide youth activities including life skills, job skills, mentoring for educational disparities worsened by COVID-19, programming addressing social, emotional, and mental health needs, and after school recreation for kids ages 10-18. In addition, daily meals will be provided at the Center for youth who continue to experience heightened food insecurity.	York County ME	\$415
Maine Department of Transportation	The intersection of Route 22 and Broadturn Road is a High Crash Location with a crash rate at more than three times the statewide average for like facilities. This safety improvement project that converts this intersection to a roundabout configuration is anticipated to greatly reduce the frequency and severity of crashes.	York County ME	\$2,400
Maine Department of Transportation	This project will improve the corridor including addressing a high crash location, reconstruction intersections, and bicycle improvements on US Route 1, Elm Street.	York County ME	\$12,000
Maine Department of Transportation	This project will reconstruct 2.21 miles of Route 209 in the town of Action. This segment of roadway does not currently meet modern standards.	York County ME	\$6,000
